School District Calls For Huge Tax Increase

The DIMMER VIEW

by Max Goodwin

Are Nudies By Mail Passe?

An attractive Lemon Grove woman once derived her rather healthy income by selling vividly colored pictures of herself through the mail here.

What made the demand for her pictures was that the photos were of her unclothed.

At the time the post office had no enforceable rules by which the lovely lady could be dissuaded from sharing her photogenic charms—save entrapment. At that time pornography limits were rather well defined. Today, almost nothing is pornographic.

But they have now set a law designed to give better control over some of the filth that is being sent by mail—much of it to children.

The new law — the Prohibition of Pandering Advertisements Act — was sponsored by Congressman Glenn Cunningham of Nebraska.

Congressman Cunningham said that, under the new law which became effective earlier this year, an individual, or a parent or a minor child not wanting to receive obscene or smut advertisements could put a stop to it. He said the obscene material should be sent to the Post Office Department.

The Postmaster General is directed to notify the sender to remove that name or the name of that minor child from his mailing list.

If after 30 days he does not comply, the Postmaster General refers the matter to the Justice Department which is empowered to go to the U.S. District Court and ask for a cease and desist order against the mailer. If he violates the order he is automatically held in contempt of court.

The law is the result of the Congressman's son becoming the target of smut advertising after answering an advertisement for foreign postage stamps. The Congressman thought that he, as a parent, had the right to demand the removal of his son's name from the mailing lists which smut peddlers had purchased.

The law is said to be as effective as parents want to make it and that there is no censorship involvement. Families wishing to have obscene material mailed to their children may continue to do so. Those who want the mail traffic in such filth stopped have only to make the request of the Post Office Department.

Said the Congressman regarding the constitutional protection against censorship behind which smut peddlers hide to hawk their wares, "The mail box, being a part of the home, should come under this same constitutional protection. The Fourth Amendment specifies restrictions on invasion of privacy, and the privacy of the mail box is reaffirmed by the bill against lurid advertising."

The only trouble is that the cease and desist order can be circumnavigated. The distributor of the filth could use a new firm name, a different post office box for an address and the peddler is as a new firm — just starting — and a new complaint to cease and desist would have to be started. Since the cost of a new post office box is but a couple of dollars, the peddlers can keep "ceasing and desisting" as often as the order is issued, while, at the same instant, keep the business thriving under a new firm name and address.

Make It a Noisy Tax

How did it feel?

Your pay check last week was reduced again.

The take wasn't big—that isn't the way Washington takes it. It gives big and takes little. But the take is from millions of wage earners.

A mere 10 percent of your income tax obligation. One dollar on every hundred is the extra withhold cost to you.

Take a little and the squawks may be few.

Give big and the joy is great.

If the squawks aren't any bigger on this tax increase than on some of the others they'll try it again.

When the complaints against higher taxes rise to a crescendo louder than the shouts of hooray from those who are recipients of the tax dollars, the politicians will begin to heed these cries.

The sounds of the complaint must be louder than the chortles of potentates of the mid-East where the tax dollars pay for harems and a parade of air conditioned Cadillacs. The sounds must be louder than squealing laughter of small-talk at government sponsored cocktail parties and dinners all around the world paid for by tax dollars and filling the bellies of professional party-goers.

The pain of tax deductions must cause a wail louder than snickers of contempt which comes from the huge mass of human flotsam who have made illegitimacy and welfare existence a modern way of life.

More letters must be written in pain by taxpayers to smother out the sounds of bulldozers and concrete mixers building roads to nowhere in foreign countries where thousands of bureaucrats are living in perpetual foreign vacationlands—wanting for nothing.

The noise of objection must drown out the clinking of black market cash registers throughout the world making millionaires of those whose only claim to ability is the ability to be dishonest regarding supplies and material sincerely intended to aid the impoverished.

That extra five spot they took from your pay last week would have paid for steaks instead of hamburger for your family. It would have helped pay for a little better pair of shoes for one of the kids.

Make a noise. Let nobody think that this is the final increase! Unless the hue and cry is raised it'll happen again and again, until there ain't no more.

Pied Pipers Pipe Pop Teen Tunes

by Max Goodwin

A Lemon Grove youth is one of a five member musical group which has become the collective pied pipers of the rock-and-roll set.

He is Gary Withem, 22, son of Mr. and Mrs. G. O. Withem, of 6821 Central ave., Lemon Grove.

The musical quintet, of which he is a member, is the Union Gap, presently the idol of the young teen set.

The Union Gap is strictly top-notch music. "You've got to have a complete musical education to play rock-and-roll today," Withem said. "It has become so sophisticated that not only is a well-rounded musical education demanded in the field, but a general education is required as well."

Withem said that many youngsters are interested in performing in such aggregations as the Union Gap. "I tell 'em to first get an education," he said. "A drop-out hasn't got a chance."

The Union Gap itself is a unique group. Formed in San Diego about 20 months ago it has made three records. Each of these three earned the Gold Record Award—the symbol of sales exceeding a million copies each.

The titles are "Woman, Woman", "Young Girl" and "Lady Willpower" — all solid treasures among teenyboppers.

The group, which formed in San Diego at the Quad room in Clairemont, has played on several nationally televised shows. These include the Ed Sullivan Show, the Jonathan Winters Show and the Merv Griffin Special. Earlier this month the group played the College Beauty Pageant with Mike Douglas as m.c. in W. Palm Beach. This show, as the others, was national.

In September, the Union Gap will commence filming a show with Jerry Lewis for release later in the year.

Do such musical groups make money? Well, the Union Gappers just completed a 16 day tour with the Beach Boys — a well-filled auditorium greeted them last week at the Community Concourse in San Diego.

The Gappers drew \$50,000 for the 16 days work. On short term assignments the boys draw a minimum of \$5,000 a night and they are already being offered more for some appearances.

Withem, a product of Lemon Grove schools, plays the organ, piano, and sings. A La Mesa youth, Kerry Chater, who attended Helix, plays

bass. Paul Wheatbread is on drums. Gary Puckett is guitarist, and Dwight Bement, like Withem, plays piano and organ. The group calls Gary Withem "Mutha" to distinguish him from Gary Puckett.

Lemon Grove Boy

Withem attended San Miguel school in Lemon Grove; L.G. Junior high where Dr. Bob Sutton was principal, and Mt. Miguel high school where he was in the concert band, the marching band, and was leader of the Pep band under Larry Christianson.

He attended San Diego State where he needs but four more units to graduate.

He attended the Lemon Grove Congregational church, but admitted he didn't lend his talents to choir work.

He started out to be a teacher, working for his credentials at State. He majored in woodwinds — the bass, sax, clarinet and flute. He was assigned to work in a retarded boys school and developed the idea music should be used as major therapy on these unfortunate youngsters. "It proved to be more helpful than anything else I could offer," Withem said.

Recognizing the retarded youths' need for private attention, Withem said he decided that he would eventually start

such a school. The State schools are much too large to handle these youngsters on an individual basis, he said. However, the missing ingredient was money.

Money Needed

"How do you make a lot of money," I asked myself.

The answer came quickly when Chater, the La Mesa youth, and Gary, who were noodling around with a small combo learned that Dwight Bement and Gary Puckett were at liberty because the Out Casts group had just broken up. At the same time, a group in Hollywood, playing a tv show "Where the Action Is" broke up. That made Paul Wheatbread available. They rehearsed in Puckett's garage in Clairemont, got engagements up and down the west coast and when a Columbia Records representative heard them at the Quad, he signed them to a contract.

Withem will soon be able to start his school for retarded boys and as soon as he can squeeze a vacation from the Union Gap, he'll complete his college work.

Meanwhile, the group draws its \$5,000-or more a night and the cult of Union Gap rock-and-roll oriented youngsters is growing frighteningly fast.

Grossmont Governing Board Calls For Additional Funds

By Jack Pollard

The Grossmont Union High School District Governing Board is feeling the pinch of tight money. The taxpayers in the School District area also are going to feel the hand dip into their pockets in order to keep school doors open.

The Governing Board pointed out that the district is currently spending \$110 less per student than the state average, \$55.

On July 16, the Board approved the publication budget in the amount of \$15,713,221. This figure represents an increase of \$1,073,307 over last year total.

The largest contributor to the increase came from teachers salaries. A 7% across-the-board raise was given to all certified teachers with salaries raised or salary improvements for Summer School teachers, adult School teachers, teachers with vocational credentials, and \$300 for possession of a doctoral degree.

Also included were increases to teachers on extra duty assignments and improved health and medical benefits which amounted to a 9.3% increase for them.

The classified employees were awarded a 5% increase along with improved health and medical benefits.

Along with the natural growth and influx of students in the school district, and pay increases the District must come up with an increase in the tax rate just to meet operational costs.

The district has asked for an increase in the tax rate from \$1.50 to 2.98, almost a 50% increase to meet the costs.

The tax rate could be one that would graduate to the \$2.98 figure within five years or it can be elected that the immediate tax be increased to the top mark in order to establish a reserve account for future expenses resulting from the growth and expansion.

Citizens Committee

Albert C. Marshall, chief purchasing agent for the District and chairman of the Special Citizens Advisory Committee said that, "The committee has been appointed to study the situation to see what the needs for salaries and curriculum are going to be in the future."

"We are currently spending way below the average cost per student as compared to other schools in the state. Immediate plans call for our recommendations to be presented to the Board on August 5th for their decisions."

Dr. Austin Sellery, new superintendent for the District has been sitting in on the Citizens Committee. He will take their proposals to the Board.

Currently the District is spending \$464 per student for instruction costs while the state average is \$538. In the plant operation department, the state average per student is \$65.12 while the district spends

The committee will make the following recommendations to the Board at the Aug. 5 meeting:

Have Restricted Scheduling: The problem is one of students being limited to five credit subjects and a study hall with certain exceptions allowed. No Senate bill was considered in this area.

The staggering cost of opening up a sixth subject to the majority of students has been estimated to be as high as \$350,000.

Department Head Policy:

The report requests increased opportunity for department heads to give curricular leadership. A specific bill has been passed by the Senate in this area. The cost in 1968-69 is \$27,000.

The cost in 1969-70 is \$90,000.

Student-Teacher Ratios:

This problem area deals with the heavy class-size loading practiced by the District. A 1966-67 Senate Bill provided \$25,000 to help sustain small advanced foreign language classes. This was implemented.

One specific bill passed the Senate in 1967-68, Bill No. 411 requests specific load reduction in the social science classes. This bill asks for \$90,000 to provide one additional teacher for each regular high school.

Vocational Education

This was a general position statement of support for continuation of a successful program of securing V.E.A. matching funds for a variety of special programs. Ten 1966-67 bills of this type were implemented.

Three specific proposals are pending in Sacramento at present. The major problem in this area is found in the continuation of these programs after the matching funds are not renewed.

When the programs are one time purchase of equipment, a small problem is replacement and maintenance. When personnel is involved a major problem of sustaining the program results.

Reading Recommendations

A specific plan for improvement in reading instruction, originally presented to the Governing Board in 1965, still remains incomplete in its implementation. The eight recommendations in the report will require additional personnel bill has been submitted in this area. The general cost estimate is \$100,000.

Science Course Addition

The report calls for the development of a one-year laboratory course for applied arts students. No Senate bill in this area is currently pending. The severe shortage of adequate science facilities in all schools limits the implementation of this proposal. Cost estimate could be as high as \$200,000. (Voted bonds will help significantly.)

Mathematics Instruction

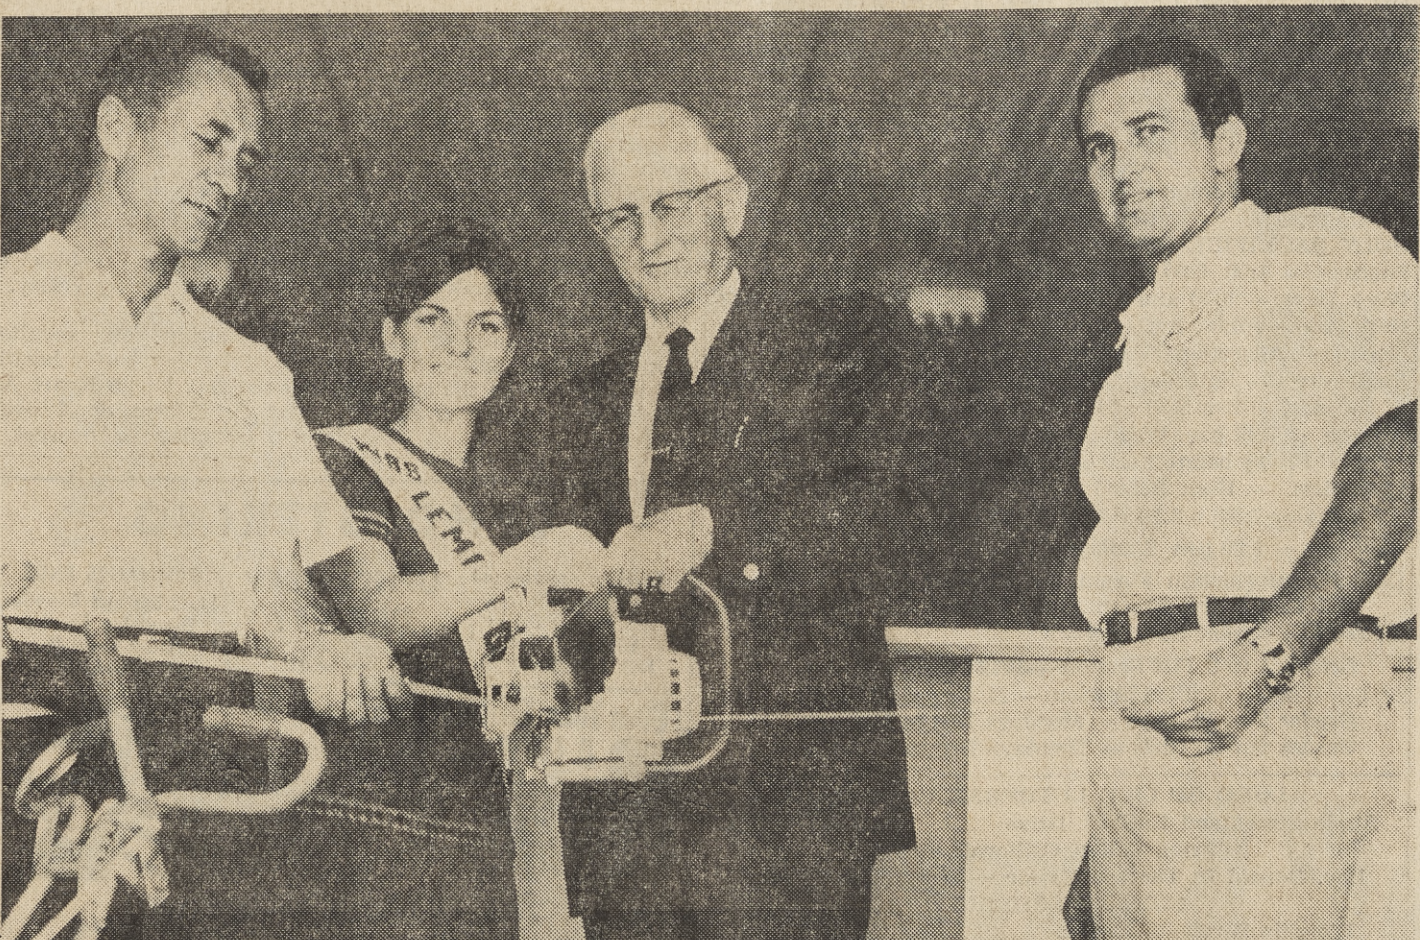

The report made only very general recommendations. No specific Senate bill was submitted in this area. During 1967-68 the District began curricular experiments in Video-Tape and computer Time-Sharing which were mentioned in this report as new ideas.

Sex Education

The Senate Curriculum Committee report called for the "Development of a clear-cut policy of what should be taught in sex education, establishment of permanent group to develop curriculum, in-service training of teachers involved, and full support from the administration for teachers of sex education who are implementing Board policy."

A full board meeting in November, 1967, was devoted to a status report on this area of the curriculum. This was followed by a Faculty Senate Bill to Curriculum Revision in this field.

The cost of Phase I and II (curriculum guide development, and teacher in-service) is \$10,000. The cost of implementation in the school year 1969-70 could be as high as \$100,000.

GRAND OPENING: The United Rent-All will open its doors with a three day grand opening starting tomorrow. On hand to celebrate the opening of the new business establishment were Robert Bennett, manager, holder of the franchise, along with Miss Lemon Grove (Chris Collier), Supervisor Robert C. Dent and Richard Mines, west coast co-

ordinator for United Rent-All. United Rent-All is located at 6873 Federal blvd., Lemon Grove and is in the area of new construction for the satellite shopping complex that is being developed. The firm offers rental services for a wide variety of equipment. (See Story On Page 4)

Trinity Presbyterian Church Plans November 14 Harvest Festival

A Harvest Festival set for Nov. 14 is being planned at Trinity Presbyterian Church. Maurine McKillop, chairman, points out, the purpose of the festival is to "have women work together to get to know each other and learn to love each other. . . Creative Love."

Many of the women have already been working on projects. If there is something you like to do, Maurine McKillop points out, or are very adept at doing, get together with two or three over a cup of coffee or a glass of lemonade and enjoy a few hours of fellowship with each other and Christ.

She said that jellies and jams make nice Christmas gifts and this is the season for making them. Also many women of the church are having a sewing project, making clothing for the children of Indonesia.

Over 300 Jehovah's Witnesses from the Lemon Grove-Spring Valley-La Mesa area attending the "Good News for All Nations" District Assembly, San Bernardino, received a new book to assist them in their Christian ministry, entitled, "The Truth That Leads to Eternal Life."

The book is designed to show how people may survive the fast-approaching end of this "system of things."

During the assembly all Witnesses were urged to strengthen their faith in Jehovah God and to pursue peace with all men and to practice principled love, which is a mark of true Christians today.

In the main talk, "Man's Rule About to Give Way to God's Rule", the speaker said, "All honest persons who have lost faith in man's rule of earth have solid reason to rejoice that man's rule is about to give way to God's rule."

During the assembly 382 new ministers signified their ordination by water baptism. Opening attendance was 15,000 with 20,000 expected for Sunday.

Held under the direction of the Watchtower Bible and Tract Society, all sessions were held at the National Orange Show grounds in San Bernardino.

Thrift Shop Move Proposed

The Board of Directors of the Spring Valley Community Welfare Inc. met July 18 to discuss the possibility of moving the two "Thrift Shops."

Shop No. 1 is located on Memory Ln. and Shop No. 2 on Gillespie st. in south Spring Valley. The board has had it in mind for some time to find a suitable location that the two shops could be combined, and a location centrally situated for both the motoring and walk-in public.

They believe they have come up with such a location, at 1175 Sweetwater rd., just north of the main Spring Valley Post Office.

Mrs. Doris Howell, president of S.V. Community Welfare, said it is hoped the moving of goods from the Memory Ln. shop can begin soon and that that shop can be closed about the first of August. Shop No. 2 will remain open until further notice, Mrs. Howell said.

She added that details will have to be worked out before a final move is made. In the meantime, the sale of men's, women's and children's clothing is going on at both shops; garments selling for 5 and 10 cents each.

The two "Thrift" Shops are open Monday through Friday from 9:30 a.m. to 4 p.m. and on Saturday from 9:30 a.m. to noon.

THE MODEL PRAYER

Our Lord gave us definite instructions on the subject of prayer. We call it the "Lord's Prayer." "I will therefore that men pray everywhere," "the effectual fervent prayer of a righteous man availeth much." The church built the wole practice of the Christian life around regular prayer. The Apostle accepted it.

Traffic Lights Set For Freeway-Sweetwater Roads

SAN DIEGO (CNA) — Signals for the Sweetwater-South Bay Freeway intersection in South Spring Valley were approved Monday by the County Board of Supervisors.

A study will be made later to see if signals are also needed at Sweetwater-Jamacha.

25 accidents with 9 injury accidents have occurred at the freeway intersection during the 21 months since the intersection was rebuilt.

The board rejected a suggestion that speed limits be reduced. A report showed that traffic was moving slower than the 45 mph limit due to traffic congestion. The lights, to be installed in the 1969-70 fiscal year, will further slow traffic, a safety committee report said.

United Rent-All Opens Store Here

The United Rent-All will open a new and what has been dubbed as the most unique service business going.

The new business at 6873 Federal blvd., Lemon Grove, will see Robert E. Bennett at the helm. He is the firm's owner and will be holding an open house on Friday, Saturday and Sunday.

Bennett will demonstrate a wide variety of equipment which is available for renting. He will also serve refreshments.

Based on the premise that it is cheaper to rent than to purchase expensive or seldom-used items, he will offer hundreds of items that will be made available to the public.

His inventory ranges from floor sanding machinery to party items, sickroom supplies and a multitude of garden supplies.

Bennett's United Rent-All Mart is part of a nationally franchised chain. Prior to opening his new mart, Bennett attended one of the nation's most unique schools, the United Rent-All Training School in Los Angeles.

He underwent very intensive training in the operation of

all types of complex equipment and also received hours of instruction on the proper methods to use in accomplishing countless household and garden tasks.

Bennett's United Rent-All is open daily from 8 a.m. to 6 p.m. During this time it is possible to pick up such exotic items as a champagne fountain for the next party or a device to steam off wallpaper.

Dr. Gigliotti Heads Recall Bill Group

Dr. Frank Gigliotti, of 3785 Gigliotti dr., Lemon Grove, said this week that he had been appointed state chairman of the Citizens Committee Against Recall of Gov. Ronald Reagan.

Gigliotti said that "petition passers are defrauding California voters. They're using Watson Report tax relief petitions as a cover for Reagan recall petitions. Signers think they are petitioning for tax relief."

Gigliotti said that of the 700,000 signatures the recall group claims to have obtained only 59 valid signatures are on file.

California Senator Jack Schrade told Gigliotti the attempted recall of Reagan "is a travesty on justice."

Gigliotti, who is meeting in San Francisco to set up Bay area committees against the recall, said "I did not support Governor Reagan at election time, but he is doing a fine job. He works hard to get the chislers and political manipulators out of the state government. He is lending integrity to Sacramento."

A local committee will be named before the end of the month, he said.

For further information phone 286-8262.

Slogan of the United Rent-All is "Live Like a King, Rent Everything."

Before moving to Lemon Grove Bennett worked in a United Rent-All in Camarillo, Calif. In prior years he constructed homes in Guadalajara, Mexico, and in the pro-

ceeding 14 years was an engineer for General Telephone Co. in Santa Barbara.

His schooling was obtained in Chula Vista where he lived until being called into the Navy as a radioman during World War II.

Bennett believes that his greatest achievement was his construction, in Santa Barbara, of a 3,000 sq. ft. adobe hacienda. This was accomplished entirely by himself, including the making of adobe blocks, roof tile, doing the wiring, plumbing, etc. The authentic, Spanish residence draws many visitors who marvel at the completed project.

He and his wife, Winifred, have six children of which four are living at home. They are Mark, 5; John, 8; Donald, 14; and Joanne, 16.

Quack Cures Get Quick Questioning

Dr. Thomas W. Lyons, a La Mesa surgeon, will speak on "quack cures in lung disease, or how not to cure cystic fibrosis" at a meeting at 7:30 p.m. July 31 at Children's Hospital.

The session is sponsored by the San Diego Chapter of the National Cystic Fibrosis Research Foundation. Parents of all cystic fibrosis victims in the county — an estimated 2,800 of them born in San Diego — are urged to attend.

A Lemon Grove man has been awarded the bronze star for bravery of service beyond the call of duty while serving in the U. S. Army in Vietnam. He is Everett M. Franks, S/5 foster son of Mr. and Mrs. G. Walker, 1632 Watwood rd., Lemon Grove. Franks is currently serving with the 101st Airborne Division of the Army in Vietnam.

The Presidential citation stated that on Jan. 16, 1968, S/5 Franks who was serving as a medic with Company "B", 2nd Battalion, 506th Infantry, during a search and destroy mission in Tan Uyen Province, without hesitation and regard to his life began treating wounded Army men during an attack.

His group was engaged in a battle with the Vietcong of an unknown size. Nine casualties were marked in his group in the initial 60 seconds of action.

Franks, who was constantly exposed to the intense gun fire, frantically treated the wounded. He moved across a firing lane to assist in the evacuation of a critically wounded man.

The Presidential citation said, "Although on the verge of exhaustion, he continued to treat other wounded and supervised and assisted in the evacuation of all injured personnel."

Franks is a 1965 graduate of Mt. Miguel high school. He entered the Army in October of 1966. He is expected to return home in August.

Prior to entering the Army he had worked at Grossmont Hospital and with the La Mesa ambulance crew.

Two Area Men Booked On Sex Offense Charge

A Lemon Grove man was one of ten men—six of them "peep show" operators — arrested Friday in San Diego on charges of sex offense with a 16-year-old girl.

The man, listed as Adin Alan Garner, 40, of 8320 Mt. Vernon st., was charged with nine counts of sex perversion and three counts of statutory rape.

Another area man, Donald J. Weiner, 31, of 13384 Russell rd., in the Mt. Helix area, was charged with three counts of statutory rape and one count of procurement. Weiner operates a downtown "peep show."

Garner is said to be operator of a film processing firm located in the 7500 block on Broadway in Lemon Grove. The firm—Colbrede Productions—is not listed in local directories nor did a check of the area turn up such a firm. A printing firm, the owner of which was at one time charged with pornography, had a location in the 7500 block, but has since moved.

The men were arrested in a dawn raid led by San Diego Police vice squad officers.

Among those arrested was the president of the San Diego Arcade Association J.P. Antello, 35, operator of the Playroom Arcade at 420 F st., San Diego.

The arrests grew out of grand jury charges involving a total of 48 counts including sex perversion, sodomy, statutory rape, procuring a female and conspiracy to commit a felony.

Lt. Kenneth O'Brien, head of

the vice squad, said 10 of the indictments were returned Wednesday by the grand jury in secret session.

He said the offenses, all with the same girl, occurred in homes, hotels and business establishments during a 2½ month period in Mid-May.

O'Brien said the girl was paid for the acts, but would not say whether films or pictures were taken.

The girl, he said, was arrested in May on an unrelated charge.

P. Reynolds Resigns Post In Planning

Paul Reynolds, assistant superintendent of the Lemon Grove Elementary School District resigned this week from the County Planning Commission.

He had held the post for about two and a half years.

In his letter of resignation to the County Board of Supervisors dated July 15, he said that the increase of Planning Commission meetings from two to four meetings a month made it impossible for him to do justice to his job in the school district and serve on the Planning Commission as well. Supervisor Henry Bonney, who appointed Reynolds, with the blessing of the rest of the Board of Supervisors, nominated Eleanor Anderson, former Mayor of the City of Chula Vista.

Little Theatre Play

The La Mesa Little Theatre will present in part, "Many Moons", on July 27-28 — 30 and 31 in the Ben Polak Fine Arts Center at 8053 University ave., La Mesa, with a starting time of 2:30 p.m. for all shows.

Included in the cast are Laura Price, Danny Simmons, Alan Ames, Henry Dmochowski, Dan Thomas and Betty Dmochowski.

Dyanne Carol Roberts is directing. Tickets may be purchased at the door.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Is "noto" a good Spanish word? Yes, "noto" is a good Spanish verb which means "I notice." It is taken from the verb "notar" which means "I notice."

We may use "noto" by itself or we may use it with a subject and object to form a complete expression. For example, we may say, "Yo no noto su interés." In this case "Yo" precedes "noto" to confirm that the subject is "I." When "noto" is used by itself, the subject "I" is understood and must be given in the translation.

We may change the subject of a verb by changing the verb ending. "Noto" (I notice) may be changed to "Notamos" which means "We notice." In this case, the verb ending "amos" tells us that the subject "we" must be included in the translation. If we were to write the subject with the verb it would be "Nosotros notamos." For "We notice."

The verb "noto" is another variation taken from "notar." It may be used in the phrase "El nota todo." (He notices everything.) This verb could also be used in the question form, "Que nota usted?" which means "What do you notice?"

The verb "noto" is easily confused with the noun "la nota" which means "the note." We may distinguish the noun from the verb form through reference to the word which precedes "noto." If "la" precedes "nota" it is a noun form.

See the variation in the use of "noto" within the practice phrases below. The recorded voice will say them when you dial 276-2762 on your phone.

IMPORTANT PHRASES

Public To Greet Dr. Sellery at Reception Mon.

There's a reception planned Monday night and the public is invited.

It's a reception for Grossmont Union High School District's Dr. Austin R. Sellery, who assumed duties of superintendent July 1.

He replaced Dr. Thomas Warburton who will teach at San Diego State.

The reception will be held at Anthony's Fish Grotto in La Mesa 7-9 p.m. Anthony's is normally closed on Monday. Mrs. Sellery, now studying at U.C. at Riverside, will join Dr. Sellery in the receiving line.

For the past six years Dr. Sellery has been superintendent of the Palm Springs Unified School District.

Born in China where his father was a medical missionary, Dr. Sellery moved to Los Angeles and studied at U.S.C. He took his Bachelor's Degree, Master's Degree, and Doctor of Education Degree at U.C.L.A. He worked for the Los Angeles City Schools, particularly in the area of counseling and guidance which he considers an extremely important factor in education.

The Sellery's family consists of Steve, a senior at Reed College; Ted, a freshman at the University of California at Irvine; Meg, a ninth grader; and John, a sixth grader. Their mother, whose name is J'nan, is working for the Doctors Degree in English at U.C. at Riverside.

During World War II, Dr. Sellery was in the infantry and was a prisoner of war for four months. During the Korean War, he returned to service, seeing duty in Japan.

The reception on July 29 is sponsored by the Governing Board of the Grossmont Union High School District, the El Cajon and La Mesa branches of the American Association of University Women, and the Foothills Secondary Council of the P.T.A.

President of the latter group, Mrs. Dorothy Nottingham, said, "We are hoping the public will join us to meet Dr. and Mrs. Sellery and to welcome them to the Foothills community."

WHAT'S DOING?

Going out for the evening? One of the first things to leave with the babysitter is the telephone number where you can be reached. And don't forget a list of emergency numbers; like Fire, Police, and Doctor. There's a special place on the inside cover of your directory for these numbers. Have you written them down?

Now, here's a real shaggy customer story for you. It seems there's a German shepherd dog in Los Angeles who answers phone calls and holds the receiver in his mouth until his master comes. What's more, every month he pays the phone bill! He carries the payment in his teeth and drops it right on the counter of our public office.

Pacific Telephone will survey its customers on a continuing basis beginning this month to determine how they feel about their telephone service.

The questionnaires will be sent to a sample of customers throughout the area each month.

Customers receiving the questionnaires will be selected at random from among those who have had recent contact with the company.

The survey is designed to provide a current and continuing measurement of customer satisfaction throughout the state.

Results will be helpful in adjusting to customers' needs more promptly.

If you should happen to receive a questionnaire, we would appreciate a return. This will help our effort in trying to give you the kind of service you want.

Smokey the Bear reminds us to be extra careful this summer. A thing as small as a match... or a cigarette... or a spark from a campfire can destroy something as vast as a forest.

HOT TOMATO: Mrs. Bacil Martin of 7540 Madison, Lemon Grove is shown holding one of her hot tomatoes that she has cultivated in a garden in her back yard. The tomato, which tipped the scales at 3 pounds, and one-ounce came off of a plant that had several other large ones on it. She said that the seeds for the plant were sent to her from West Virginia. They were planted in late February. Mrs. Martin said that she had to use pruning shears to get the tomato off of the plant.

Tailspin Prolonged By Basketball Squad
By Scott McGaugh
The Monte Vista summer basketball squad prolonged their tailspin by losing two more games recently.
In a battle against the Clairmont Chieftans last Wednesday, the Monarchs staged a late rally but came up short, 46-40.
Jim Krattli led the Monarchs with sixteen points, the

most by any Monarch this through on defense by allowing summer. Jim Bristol came in his opponent just two points.

The loss left the Monarchs with a 2-8 record and dropped Monte Vista into last place. Then against the Castle Park Trojans, the Monarchs staged a brilliant rally late in the game but again fell short, 63-59, on Monday.

Poor defense and little rebounding strength plagued the Monarchs in the first quarter. Jim Krattli then came off the bench to spark a rally to bring the Monarchs to within nine points.

In the third stanza, the roundballers were hurt by many fouls.

In the fourth quarter, Monte Vista staged what has to be one of the greatest comebacks this summer. With less than four and one-half minutes left in the game, Monte Vista was down by fifteen. Yet within three minutes they narrowed the gap to just four points

before the end of the battle.

Jim Krattli scored 21 points, a team high for the summer. Jim Bristol and Roger Sommer followed with 14 points apiece. The Monarchs are now 2-9 in summer play.

The Monte Vista summer water polo team will begin their summer with a meet against Coronado. Led by John Krattli, Rob Morell, and Brad Julihn, Monte Vista is considered by many to be a top contender in the county.

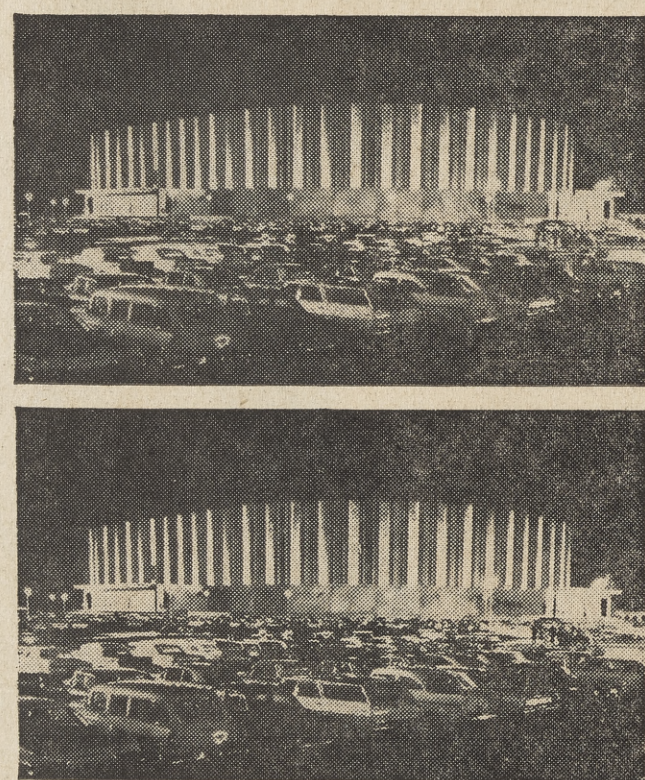

This is the first summer for water polo for Monte Vista. Last was the first year of water polo at the Monarchy.

A pool is in the planning stages for Monte Vista. It will be used for water polo, swimming, and by the Physical Education classes.

How to weather a heat wave. Eat lightly of nourishing, cool foods; take short rests; drink plenty of fluids; dress comfortably, says your San Diego County Heart Association.

Ayers told of "the differences of a Republican and a Democrat" as part of a civic-awareness program for the students.

He stressed the need for government to become aware of the needs and problems of the youth of America, and gave his views on how young people could more effectively become involved in solving the nation's problems.

Sky Grove All-Stars Win Title

The Sky Grove Pony League baseball team won the Area 3 tournament title Monday night after trouncing Grossmont 5-1 in a bout that was forced into an extra game.

Sky Grove was forced into the extra game with Grossmont after they were shattered 7-0 in a Sunday game by that club. It was Sky Groves first loss in tourney play.

The tourney, which is a double elimination type, requires that play continues until all but one team loses two games.

The Sky Grove All-Stars dropped Grossmont the first time they met last week 4-2. The locals also defeated La Mesa 3-2 in earlier tourney play.

On Saturday, the Sky Grove team will play a double header with the Emerald Pony League All-Stars who are Area 4 champs, at the Emerald field in El Cajon.

Emerald took a 4-1 win from El Cajon in the final for that area play. In other tournament action they took Lakeside-Santee 2-0 and trounced Black Mountain 14-0.

The Sky Grove All-Stars have had power contributions from Tim Miller and Mike Brunner. Both players slapped home runs in the La Mesa game.

In other tourney play Sunshine, Chula Vista South and Serra Mesa are in action. The winner of the Emerald-Sky Grove game along with the winner of the other three games will meet August 1
